TECHNICAL SKILLS

- | | |
|--------------|-------------|
| • HTML | • Java |
| • CSS | • MySQL |
| • JavaScript | • Designing |
| • React JS | • MS Office |

INTERNSHIP EXPERIENCE

Vimkes Technologies - Chennai

July 2023

Web Development Intern

- Assisted in designing and developing responsive websites using HTML, CSS.
- Contributed to a mini project such as E-commerce Shopping Website.
- Used Git and GitHub for version control and project collaboration.

Codebind Technologies - Trichy

Jan 2024

Web Development Intern

- Built simple user interfaces and improved user experience.
- Gained hands-on experience in Frontend development, including form validation and layout design.
- Collaborated with developers to understand project requirements and implement changes.

UI/UX Intern

- Designed a complete mobile UI prototype for an e-commerce shopping application.
 - Used tools like Figma to design wireframes and prototypes.
-

PROJECTS

1. Cyberbullying Detection (Final Year Project) :

Technologies Used : HTML, CSS, Python, MySQL

Description : Developed a deep learning-based model to automatically detect cyberbullying in social media texts using Natural Language Processing (NLP) techniques.

2. Travel Packages Booking Website (Frontend Project) :

Technologies Used : HTML, CSS, JavaScript

Description : Implemented features like destination search, package listings, From - To input forms, and search filters.

3. OTT Platform Website (Frontend Project) :

Technologies Used : HTML, CSS, JavaScript, ReactJS

Description : Built an OTT platform with heart-icon based Watchlist, horizontal carousels, and a Signup page for an interactive user experience.

4. Online Store Management (Backend Project) :

Technologies Used : MySQL

Description : Developed a fully functional Online Store Management System using MySQL, Implementing DDL, DML, joins, functions, and operators.

5. Train Reservation System (Backend Project) :

Technologies Used : Java

Description : Developed a console-based train reservation system using Java, featuring train management, ticket booking, passenger detail handling, and cancellation functionality.
